

Young Harvesters

Certified Farm Learning for Schools

Bengaluru's First Full-Day Agricultural Programme · Grades 6 to 10

■ GKVK Certified

Govt. of Karnataka

Rs. 999 / child

Mon – Sat

Young Harvesters is a structured, full-day experiential learning programme — not a field trip. Every activity builds knowledge, skills, and character. Students leave with a government-recognised **GKVK certificate** valid for their academic portfolio.

Mapped to Your School Curriculum

Subject	How Young Harvesters Connects
Biology	Plant life cycles, pollination, ecosystems, soil science, food chains
Environmental Science (EVS)	Sustainability, composting, water conservation, biodiversity
Social Studies	Agriculture in India, rural economy, food systems, land use
Life Skills	Teamwork, responsibility, patience, problem-solving, communication

Why 3,400+ Students Have Chosen Young Harvesters

■ Government-Certified	Students receive a GKVK (Govt. of Karnataka) participation certificate, valid for their academic portfolio.
■ Curriculum-Linked	Activities map directly to Biology, Environmental Science, and Social Studies syllabi.
■ Zero Hassle	Rs. 999/child covers the full day: all activities, morning snack, and lunch. Nothing extra.
■ Safe & Supervised	Professional staff, 1:15 supervisor ratio, and first aid on site at all times. Parents can relax.
■ Not Just a Field Trip	A structured learning programme with clear outcomes and a formal government certificate.
■ Actually Fun	Students don't want to leave. That's our best review.

GKVK — University of Agricultural Sciences, Bengaluru — Govt. of Karnataka

A Certificate That Means Something

Every student receives an official GKVK participation certificate — recognised by the Government of Karnataka. Not a sticker. A real institutional certificate students can add to portfolios, applications, and academic records.
